Singing the Praises of a Great Camp Class! Reported on by Arielle W

Singing, dancing and acting. My top 3 favorite things all in one class, Musical Theatre! This class takes one Broadway play, Wizard Of Oz, Hairspray, Hamilton, etc. and puts on an amazing show with it at the end of the camp session. As you may already know, The Wizard Of Oz is the play we are putting on for this session. We've worked hard, got-

Neel D.

* Bam! * The sound of me hitting the ball with my driver 175 yards straight down the fairway. I've only hit a few trees since I started. Okay, maybe more than 20... , but I haven't hit anyone!

I've been coming to camp college for 4 years, I'm 10 years old, and I did the second session for this year of camp college. I have a twin sister named Niki. My favorite class was Minecraft Mania. I recommend it to anybody who likes Minecraft and playing online with friends. I also like playing golf, basketball and other sports.

Niki D

Swoosh goes the soccer ball as it flies into the goal. The crowd erupts as my team stands shoulder to shoulder, smiling triumphantly at the bleachers packed with people. We grab our trophies and shout happily!

Hi, my name is Niki Das, and I am ten years old. I have one sibling, who is also currently ten. We're twins. We have gone to Camp College for approximately 3 years, and this is our fourth. We love this camp, and will hopefully return to it next year and lots of years after that!

(Continued from page 1)

ten creative and now, it's Showtime!

I got the part of Dorothy (along with another girl). And we have all of the characters; including Tin Man, Cowardly Lion, Scarecrow, and much more! You should definitely come to see it!

Class taught by Ms. Nina, thanks!

Samantha G

There's going to be a Fortnite class!

Just kidding. But I had your attention, didn't I? Now that I do, allow me to introduce myself.

Hi. I'm Samantha Guia, or Sam. I've been going here for a while and this is my last year as a camper. Sad to be leaving? Yes. Happy? Also yes. I'll be a CIT next year for you younger campers!

Madeline H

Woah I love doing cheering in camp AND during the school year. Hi I am Madeline. I have a older sister and she used to do Camp 'Zine as well. I am 11 years old and going into 6th grade. I love to do fun things with my family. I love to hang out with all my friends. I also love to do origami. I love all cats, they are just so cute. I hope you like all my articles.

Mia K

Hello fellow campers!!! My full name is Mia Kerollis and I have a few facts about me that you don't know about me. First off, I am South African-American. The thing about that is that a lot of people don't expect that from me because I am really pale. Another thing about me is that I like to cook. I usually make the food for my family!

Dylan M.

Smack My hand rebounds back as the tennis ball hits my racquet. My name is Dylan McIntosh and I'm 11 years old. I am semi-good at tennis. I have been going to Camp College for 3 years (1 Session each).

I really enjoy Camp College. My favorite class at Camp College is Minecraft Mania. I have a 9-year-old brother. Camp College is my favorite camp.

Joey O

Crack! Under me, the rock crunches under my shoes. My name is Joey and I like to scramble up steep hills. Don't worry, Mom, I only fell once. Or twice... whatever. I am 13 years old and this is my third session at Camp College. I heard about Camp College through my cousin's family. Last year, I decided to try it out and I really liked it. I wanted to come back this year, so here I am!

(Continued on page 4)

(Continued from page 3)

Layla T.

Hello, my name is Layla. I'm 10 years old. I'm starting middle school at Pond Road Middle School. I have been at this camp for 5 years. My favorite color is red. I like to play soccer, basketball, and tennis. If I didn't come to this camp then I would be very bored and I wouldn't have all the friends I made.

A fun fact about me is that I love chocolate and cookie dough ice cream. In my free time, I play with my neighbors. I also like to make forts with my brother.

Angelina V.

Hello, my name is Angelina. I'm 12 years old. I go to Crockett Middle School. I've been going to Camp College since Friendly Froglets. I'm a photographer and a singer. At Camp College I have made so many great friends and memories over the past years. I have learned so many new things at camp throughout the years.

Fun fact about myself I was in a short film but I can't remember what it's called. Also this is my second time writing for the camp magazine this year. So that's just a bit about myself. Hope you enjoy the rest of the camp magazine and the rest of all the fun days ahead.

Arielle W.

WOOSH!! I shoot the ball and it just barely made it to the top left corner of the net.

Hi, I'm Arielle. As you can already guess, I love soccer! I am a soon to be 8th grader at Reynolds Middle School. I have one younger sister and one puppy. In my free time I enjoy playing with all of my neighbors because we are all close like family.

“One Thing” Reported by Niki Das

One great teacher that I have had is named Mrs. Lepard. She is my favorite teacher of all time. Mrs. Lepard is my favorite teacher because she is really outspoken and is very funny. She also invented a cool game to help other kids enjoy school. It is about Harry Potter, which just makes me like her more. There are point that you get for doing different things, and you can trade points in for prizes. You also make wands and get to design houses for you stuffed animal pets. Mrs. Lepard is such an interesting teacher. She even has funny folders for all her classroom files.

It's really hilarious! All of these reasons and more make me love Mrs. Lepard.

That's why she's my favorite teacher in the entire world!

CAMP TIPS

from
Angelina V. and Layla T.

- Make sure to bring a water bottle each day (It's important to stay hydrated)
- Do not touch the college desks in the halls
- Make sure to follow your class so you stay on time
- Listen to your teachers and the staff that work here
- Be quiet in the halls (there are other college classes going on!)
- If you have a question or get lost ask a teacher or staff member
- Be respectful to everyone
- Next summer, join the camp 'zine!
- **HAVE FUN!!!**

Camp Topics reported on by the staff:

Samantha Guia

One of my favorite classes this year has been a class called *Body Sense* taught by Ms. Rozner. In this class, expect to sit down and relax with your friends, make something nourishing and healthy for your body. Take this time to relish the scent of the herbs and learn new homemade recipes. Time seemed to go so quickly when taking this class. There was never a day where I didn't smile when I was there. If you're considering taking this class next year, I am sure you will have an amazing time indulging in all of the wonderful concoctions!

Neel Das

Camp Zine has been one of my favorite classes this year. I recommend it to somebody who likes to write and other things to do with writing. What we start with is brainstorming things to write about. Most times you write a Mini-Bio, a little biography about yourself so readers know who you are. You also do a camp story/article, a "one thing" about me article, and a article/thing about whatever topic you want.

You can also be a editor, promoter, photographer, illustrator, or a thinker. Of course everyone is a writer. When you're and editor you get to put things in the newspaper. A photographer takes pictures. A promoter makes a promotional poster. A illustrator draws for the newspaper. A thinker thinks of new ideas.

Camp Zine is awesome; if you are 10 and up I recommend you take it next year!

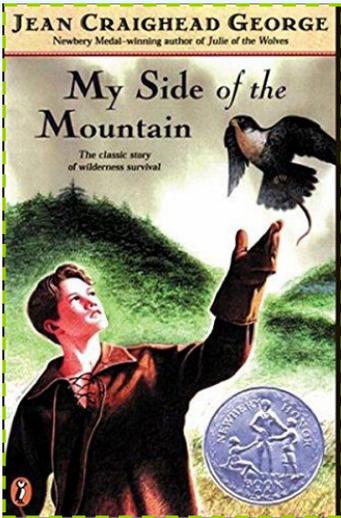

One Thing by Neel Das

One thing I like to daydream about is giant cotton candy lollipop clouds. I dream that I am sleeping on one and then I eat it. It plays out the same every time. Actually the last time I dreamt it played out like this: I was sleeping on a giant cotton candy lollipop cloud, I woke up, ate the giant cotton candy lollipop cloud, fell out of the sky on to giant gumdrops, ate them, and passed out from too much candy. Then my dream ended.

Niki Das:

Expressive Art is a really fun class. You explore different ways to paint and create art. Some examples are sponges, ink, and watercolor pencils. You get to try out examples of every kind of new thing that the teachers show you and then you get to take it home, unless it needs to dry. If it needs to dry, then you take it home the day after. If it's on a Thursday, you take it home on Monday. Expressive Art have a fitting name, because, like the name says, you are expressive about your art!

Get on the good side of a great story!

Dylan M's Great List

There are many great classes at Camp College, such as Flying Objects, Camp Zine', Juggling, and more! This is a list of my favorite classes.

1. Camp Zine'

This class is great for writers. We make stories for the camp magazine. You don't have to be that great at writing to do this class. There are many other things you can do such as making a poem, jokes, riddles, and interviews. I highly suggest this class to anyone who wants to have fun while writing.

2. Flying Objects

This class is Out-Of-This-World! You get to make a rocket. There are a few types of rockets you can make. You don't always catch your rockets, but it is still fun! The teacher is great and helps you with anything. This class is good for anyone into building things.

A fun photo from the "Make It" Class.

One Thing by Mia K.

Candy is probably one of my favorite types of food. My favorite candy is Kit Kats. I like Kit Kats because they come in different flavors all around the world and I am determined to try each one. I also like them because their taste is very unique and the texture they have is amazing. Lastly I really like how the wafer in between the chocolate isn't overpowered by the chocolate. That is why I really like Kit Kats.

The rest of Dylan M's Great List:

3. Card Game Craze

Anyone can be in this class, from beginners to professionals. You get to learn a new card game everyday **and** you get to play others games you know already. Not only do you play classic card games like War or Rummy, you can play Uno and other games. This class is well-run by Mrs. Patty. I recommend this class to anybody who wants to learn or play card games.

4. Minecraft Mania

This is the craftiest class. We get to play Minecraft on a server that has been made for us by the talented Nicholas and Catherine. There are also competitions, such as this week's P.V.P (Player Versus Player). This class is great for anyone looking to have a great time playing Minecraft. Have an account before joining.

5. Archery

This class is all about archery (as you probably guessed). You get to fire REAL bows and arrows. It's fun to see where your arrow ends up, either on the target or near a tree. I recommend this class to all who want to learn to fire a bow and arrow. Taught by the legendary Mr. Joe and ably assisted by Mr. Sam.

Do you know what
a Skink is?

One Thing by Arielle W.

If I were able to travel to any country in the world, I would pick Greece. I would travel to Greece because it looks so beautiful. Also, I love how clear the ocean is. You can see through to the bottom! When I was in 6th grade I learned the Greek alphabet and it is my favorite alphabet because it sounds so cool! History isn't my best subject, but the part I love about it is learning about Greek Mythology. All of the gods and goddesses are so fun to learn about! Also, one of my friends happens to be half Greek, and I would love to take her to see where some of her family came from.

Mamma Mia! Here We Go Again

Date of Release- July 20, 2018 A movie review by Mia K.

In 1979 young Donna, Tanya and Rosie graduate from Oxford University -- leaving Donna free to embark on a series of adventures throughout Europe. On her journeys, she makes the acquaintances of Harry, Bill and Sam -- the latter whom she falls in love with, but he's also the man who breaks her heart.

In the present day, Donna's pregnant daughter, Sophie, dreams of renovating a "taverna" while reuniting with her mother's old friends and boyfriends on the Greek island of Kalokairi.

Review-

This movie to me was a tearjerker. I cried 3 times. To me this movie is very emotional because I grew up with the first movie Mamma Mia! and ABBA-- a band in the 1970s that the movie is based on. This movie is like seeing your mother for the first time and then seeing her for the last. If you watch the movie you'll know what I am talking about. What I am saying is that this movie is one of the best I have ever seen. I totally would recommend it.

One Thing

Something interesting about me is that my family and I take a lot of trips to Disney. We went on one recently during the first two weeks of summer. The rides there are fun, the food is great, and the family experience is even better. It's amazing to smile and laugh over a meal or over a funny picture on a ride.

Once, I lost my magic band on the ride *Expedition Everest* and my dad kept getting the pictures of the people who went in that car! It didn't stop until they deactivated the band, which took a whole month or longer! The times I spent at Disney have been interesting to say the least (I don't want to take up your whole day!).

Maybe one day, you'll find yourself at Disney!

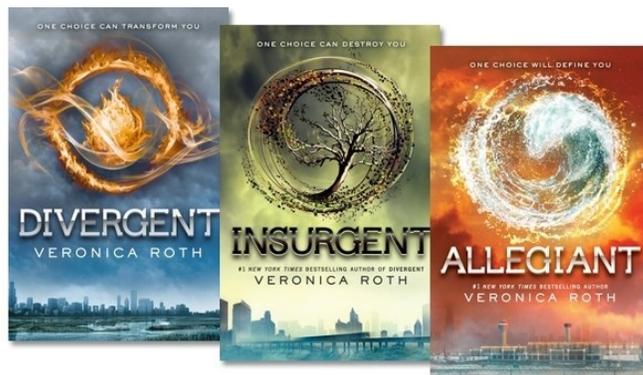

**“See you back
here next
summer!”
-Camp Staff**

Divergent

A review by Arielle W.

Veronica Roth's story, *Divergent*, is about a girl, Beatrice Prior, who lives in a post-apocalyptic world after a war (present day Chicago). Once she turns seventeen, her and her peers have to take a test to see which faction best fits them. There are five factions, and each holds a different value above all others. Abnegation values selflessness, Erudite values intelligence, Candor values honesty, Amity values kindness, and Dauntless values bravery. Everyone is put in one faction to spend the rest of their lives and make their society work, but Beatrice (Tris) fits in more than one. This makes her a "Divergent". Tris is my favorite character because she wasn't scared even though being a divergent is seen as being very dangerous and a threat to their society. She stays strong and well... once you read it or watch it, you'll find out! :-)

Avengers Infinity War

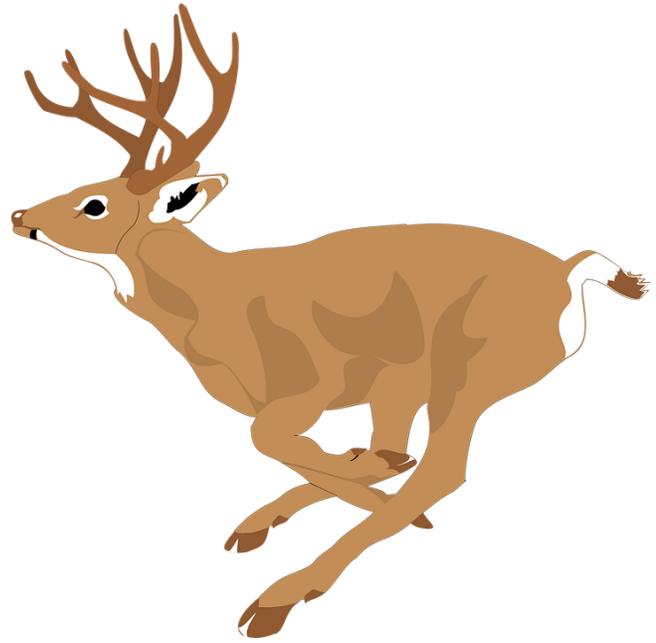

Creator: The Russo Brothers a Review by Maddie H.

Avengers Infinity War, was an amazing movie. If you have not seen it you have to see it. It was one of the best movies i have ever seen, even though i have seen so many. The box office was 2.044 billion USD and their budget was \$316–400 million. The score on Rotten Tomatoes is 91% of people liked it. Also, *Avengers Infinity War* is the second fastest grossing movie. Everyone from Iron Man to Rocket the Raccoon is in it, even Loki. That is my review of *Avengers Infinity War*. See it!

Watch Out!

A funny incident that happened was the time I almost hit heads with a deer. One day, my friend and I were walking out of the driveway when deer come running past. I started walking towards the side of my house to see, then a deer comes running and nearly hit my face! This day was really crazy.

Book: Astronaut Academy Series

Author: Dave Roman

Reviewed by Dylan McIntosh

This book series is one of my favorites. It's for all lovers of sci-fi and comics. This book is indeed a graphic novel. The main character Hakata Soy, formerly an intergalactic space hero, has left his team to go to the Astronaut Academy. There he meets a few friends. In the first book a robot comes to "eliminate" Hakata. In the second book, something is stealing the hearts of students. In this series, the human race has more than one heart and give them to others as a sign of affection. This series is hilarious and makes me want to read it over and over again. I suggest this series to anyone who wants a funny book to read.

Sneak Preview: Godzilla: King of the Monsters

Reviewed by Neel D.

Humanity is at stake! The only way to save it is to unleash all the titans on the world. The titans are Godzilla, Mothra, King Ghidorah, and Rodan. Godzilla is ... well, Godzilla! Mothra is a giant destructive moth. King Ghidorah is a 3 headed dragon monster dude. Rodan is a pterodactyl-like creature. The production companies involved in this film are Warner Brothers and Legendary Entertainment. This movie is also known as Godzilla II. Maybe you should see this movie when it comes out in 2019!

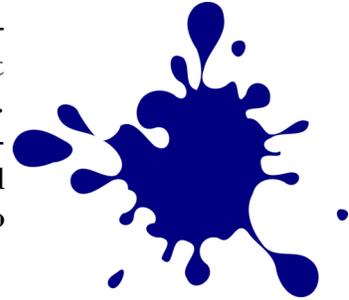

Some Learning-to Bike-Ride Tips from a Parent:

1. Use a bike with training wheels for a season
2. Then take **both** of the training wheels off at the same time (to help learn balance)
3. Set the child up on a driveway facing a grassy area to aim for
4. Pedal from driveway to grassy area to get confidence and comfort up
5. Try the lessons in small, "bite-sized" times
6. If possible, be patient with your son or daughter!

Don't Try This At Camp By: Layla T. and Angelina V.

Once upon a time, there were a group of friends and they talked the whole time until one of the girls had an auction for a pink Mentos. Then she said, "I'll just put it in this **PEPSI!!!!!!**" So she put the Mentos into the Pepsi and counts down from 3. "THREE-TWO-ONE." Everyone screams and one girl put the Pepsi under the table, (smart move) but it wasn't so smart because the soda got all over the booth and spilled onto the floor which made a huge mess. Then we got in trouble and had to clean it up. So please, **DO NOT TRY THIS AT CAMP, EVER!!!!!!**

Book Thoughts by Joey O

I've read many books in my life. I'm going to rank the top three. The third best was **And Then There were None** by Agatha Christie because of the murders and crimes and in the end, you still don't know who did it. The second best was **Divergent** by Veronica Roth because of the realistic writing of the narrative. My favorite book is **The Westing Game** by Ellen Raskin.

The Westing Game is my favorite because of the mystery and that you can't figure out the answer until the very end.

A Fall Memory by Joey O

When I was six years old, I was getting ready to go to swim class. I was running to my bag to get change to buy a snack, when I tripped on a knapsack and landed on gravel. My forehead was bleeding. A lot. I was taken to the nurse, where I got Band-Aids and ice. I had lunch and then my mom picked me up to take me to the hospital to get stitches. The stitches would come out in one week, I was told. The thing was that in one week, I would be on vacation out of state. Luckily, my uncle was and still is a medical doctor, so he took them out for me.

One thing I remember thinking at the time was that I was sad I couldn't swim for a week. Lesson learned.

Interview of: Lynnette C. Interviewer: Layla T.

Q: What's your name?

A: Lynnette C.

Q: How old are you?

A: 10

Q: Is this your first time here?

A: No, this is my second year

Q: What is your favorite class?

A: Drawing Disney

Q: Why is Drawing Disney your favorite class?

A: Drawing Disney is my favorite class because I like to draw.

Q: What is your favorite part about this camp?

A: Recess

Q: Would you recommend this camp to other people that do not go to this camp?

A: Yes

Interview of: Jayden T. Interviewer: Layla T.

Q: What's your name?

A: Jayden T.

Q: How old are you?

A: 12

Q: Is this your first time here?

A: No, I've been here for years

Q: What is your favorite class?

A: Summer Math Challenge

Q: Why is Summer Math Challenge your favorite class?

A: Summer Math Challenge is my favorite class because I like math and love learning.

Q: What is your favorite part about this camp?

A: Having a lot of fun

Q: Would you recommend this camp to other people that do not go to this camp?

A: Yes!

Interview of Ms. Nina (Dance Teacher)

Interviewer: Layla T.

Q: What's your name?

A: **Ms. Nina**

Q: Is this your first time teaching here?

A: **Yes, I was a counselor in specialty camp.**

Q: What is your favorite class to teach?

A: **Musical Theater**

Q: Why is Musical Theater your favorite class to teach?

A: **Musical theater is my favorite class to teach because it's entertaining.**

Q: Would you recommend this camp to other people that do not go to this camp?

A: **Absolutely!**

Riddles!

1. Mary's mom has four children: April, May, and June. What is the last child's name?
2. How many seconds are there in a year?
3. Can you name 3 consecutive days without using "Sunday", "Friday", or "Wednesday".
4. How many dogs can you put in an empty box?
5. What is the most curious letter?
6. What do you call a bear without an ear?
7. I'm an odd number. If you take away one of the letters in my name I become even. What number am I?
8. Name the next letter in this sequence: J F M A M J J A S O N?

(Answers on page 16)

My Friends (by Mia): One the first day of camp, 4 years ago, I was so nervous. It was a new camp and I knew nobody here. I felt lonely for awhile. I made some friends who were loud and crazy. Sadly I only keep in touch with about 3 of them. I needed to make new friends. Then I met them. We don't have a name because we never really thought about it and we thought it was baby-ish for groups to call themselves a name when their not even trying to become famous or anything. They are so supportive. I know that I will never forget them. I will love them all. Thank you Erin, Nyla, Sasha, Mayomi, Sam, Liz, and all the others who have been my friends. You all made my camp experience a summer to remember.

Niki Das: **Expressive Art is a really fun class.** It has an awesome teacher(s), Ms. Toni and Erin. In class you explore different ways to paint and create art. Some examples are sponges, ink, and watercolor pencils. You get to try out examples of every kind of new thing that the teachers show you and then you get to take it home, unless it needs to dry. If it needs to dry, then you take it home the day after.

If it's on a Thursday, you take it home on Monday. Expressive Art has a fitting name, because, like the name says, you are **expressive** about your **art**!

One thing about me By: Layla T.

One thing about me is that I recently went on a 3-day Disney cruise and came back the second day of this session. On the cruise, I went to the Bahamas and Castaway Cay. I also went to some of the activities on the cruise like Disney trivia, pirate night, and the golden mickeys.

Coco: The review

Samantha Guia

I'm sure that by now, most of you have seen the new Disney movie, *Coco*. This animated film stars a young boy named Miguel Rivera who lives in Mexico. The area they live in is very lively, colorful, and musical, and Miguel wants to get in on the fun. The only problem? His family hates music with a passion. They don't want him to be involved. No humming, no singing, no guitar, nothing. But Miguel goes against their wishes on *Día de los Muertos*: the day of the dead.

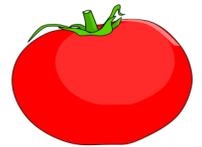

Convinced that Ernesto de la Cruz, the greatest singer of all time and Miguel's idol, is his great-great-grandfather, he steals his guitar from his grave and tries to go back to the town plaza, only to end up getting stuck in the land of the dead.

Miguel must now set out on a journey to find a relative who will send him home so he can live a normal life. *Will he be able to it? Or will he be stuck in the Land of the Dead forever?* Watch this movie in theaters or rent *Coco* to find out!

Talking With Tomato Patch

Arielle Warringer

Tomato Patch is an acting, singing, dancing, and art camp that is located at the Kelsey Theatre right across from our camp! If you like being on stage, this is the camp for you! Some of the classes are musical theatre, hip hop, acapella, 2D art, and much more! I just recently interviewed the counselors and teachers from Tomato Patch, and I found out a lot of amazing information that was interesting to learn about!

First off, the thing that the counselors do the most with the kids, is play games. Once the kids get there at around 9 o'clock they play games such as rope, freeze, shipwrecked, and so much more! Tomato Patch is a really fun way to learn how to be a good performer, and improve your performance skills. They even put on a huge show at the end of the session and it is performed in front of a ton of people. Session one students are the older kids that are ages 14 to 18, and second session is the younger kids that are ages 8 to 13. Tomato patch is such a fun camp, just like our camp!

Book Review: Hunger Games

Author: Suzanne Collins

Book Review By: Niki Das

The book series The Hunger Games has three books in the whole series. The first book is called The Hunger Games, the second book is called Catching Fire, and the third book is called Mockingjay. The whole series is based on the fact that North America has finally withered and died, leaving just a few nations behind. One of those forgotten nations is called Panem. In Panem, there are 12 districts, and one Capitol. The Capitol controls the districts. In the Capitol, they like to keep everyone “entertained”, so they invented the Hunger Games.

The Hunger Games happen once per year. They take one girl tribute and one boy tribute from each district, and stick them all in an arena so that they can fight to the death. The winner receives fame and riches, and a large house in Victor’s Village. There is a Victor’s Village in every district. The Capitol chooses the tributes by taking their name when they turn eleven, and for every year that passes, putting their name in another time. So, when they are 11, 1 time, 12, 2 times, and et cetera. The people’s last year to get chosen for the Hunger Games is when they are 18. After that, no more Hunger Games for them! People may also get food and grain in exchange for putting their name in more times, also called Tessera or Tesserae.

Katniss Everdeen becomes a player in the Hunger Games when her sister’s name is called for the Hunger Games, and she volunteers. The male volunteer is named Peeta Mellark, who apparently has had a long-standing crush on Katniss for a very long time. He reveals this in an interview with Caesar Flickerman before they go into the arena. Caesar Flickerman is a Capitol representative to interview the tributes before they go into the arena and ask them questions about different things, about the Games and not.

Katniss and Peeta are chosen from District Twelve. Every district has its own skill that they they specialize in. District Twelve is coal mining. Sadly, Katniss’s father dies from coal mining, which also meant that Katniss’s mother lost some of her sanity. Katniss and another boy, named Gale, have to support their families by illegally hunting and selling some of their meat to the people in the Hob, which is a black market, and the people that live in the Seam.

Katniss and Peeta go into the arena, and fight many people. I can’t tell you what will happen in the end, though. Will Katniss and Peeta die? Or stay alive? If you read this book, you will find out!

a(n) _____ jumped out and scared us. We were so _____!

Animal

Adjective

After that, our teacher decided we shouldn't go that way. Later, we headed to

the CM Building to watch _____ because it was raining

Well-known Movie Title

_____. At the end of the day, _____ came to pick me up.

Type Of Food

Family Member

Everyone thought I was weird because he/she was holding a(n)

_____. Then everything started to swirl and I found myself in my

Noun

bed. I concluded this was a dream. Then I looked outside and it was raining _____.

Same Food as Above

Two Art Classes Reported on by Niki Das

There are many classes in the camp to think about. But you only get to do six! Three in the morning, and three in the afternoon. So, out of six classes that you get to do, you must have a favorite class. These are some of my favorite classes, and maybe you could try them out if they appeal to you!

One of my favorite classes is **Intro to 3D Art and Sculpture**. It is taught by Mr. Applesauce. He introduces new materials for art that you could use to make something, gives you that material, and sometimes, tells you the kind of art that is. For example, he gives you a piece of balsa foam and says, "This is called a relief sculpture." Then you get to sketch out a design and start the relief sculpture! If you are artsy, then this is the class for you!

Another one of my favorite classes is **Set Design**, which is also taught by Mr. Applesauce. In Set Design, you get to make the set for the camp show, but there's a whole lot more to it than just that! You can think up your favorite movies, team up with other people or fly solo, and make a diorama of that movie/book. It also gives you an opportunity to let your creative juices flow. This is a really fun class and I recommend it for anybody who is creative or likes theater.

I hope that you check out these classes, and in some cases, sign up for them next summer.
