

**MCCC YOUTH
STEAM PROGRAM
BLACK ROCKET
AGES 9-12**

Come join in a full day of fun and learning. Please choose **two** of the following. Classes run for 90 minutes per session.

- Adventures in Virtual Reality - Embark on an EPIC adventure in virtual reality! In this cutting-edge class, you will learn the foundations of VR design by creating your own *virtual* world, exploring simulated environments.
- Robotics & Programming – During this class your team will learn to program a robot.
- Minecraft Builders - Have you always wanted to design your own world! Learn how to create a custom Minecraft map with a special software that will allow you to create your own world through terraforming and painting biomes and vegetation.
- Drone Challenge - The Drones are here! Learn how to fly drone robots.

Students work in pairs and or/teams for most of the program. *Registration available online, in-person, phone or mail. For more information call (609)570-3311. **Please pack a lunch.*** Tuition: \$79.
